Section A: Applicant and Spouse Information (page 1)

This section asks questions about you. If someone is completing this application on your behalf, please include the person's name and his/her relationship to you. If you and your spouse live together, you must complete all the *Spouse* sections of the application even if he/she is not applying for benefits.

Section B: Residence and Contact Information (page 1)

Prescription Advantage is only available to those with a primary residence in Massachusetts. A primary residence is one in which you reside for at least six (6) months during the calendar year. You may not give a post office box as a primary residential address. A seasonal or temporary residence in Massachusetts does not qualify as a primary residence.

If you sometimes reside at another location (e.g., you leave the state for the winter), you must notify customer service before you leave for that location so we can update your mailing address in case we need to contact you. You must also notify customer service when you return to your primary address.

- Cell phones are not considered to be a secure means of transmitting personal information. For your protection, we suggest that you do not provide a cell phone number. If the only way to contact you is by cell phone, be aware that any personal information discussed may not be secure.

Section C: Household Information (page 2)

This section asks questions about any relatives, other than your spouse, that live in your household and depend on you for at least one-half of their financial support. The number of relatives living in your household may affect the benefits you receive. If there are more than two people (other than you or your spouse) in your household, call Prescription Advantage for more information regarding income eligibility requirements.

Section D: Other Prescription Drug Coverage (page 2)

Indicate any health coverage you and/or your spouse have that covers prescription drugs. You are responsible for comparing your current drug coverage with the coverage provided by Prescription Advantage to determine if you need Prescription Advantage supplemental coverage.

If you are eligible for Medicare, you may apply for Prescription Advantage if you are not enrolled in a Medicare prescription drug plan. However, you must be enrolled in a Medicare or creditable coverage drug plan before you can receive any benefits from Prescription Advantage.

Section E: Extra Help From Medicare and MassHealth Buy-In Program also known as Medicare Savings Program (page 2)

If you are a Medicare beneficiary with limited income and resources, you may qualify for the low-income subsidy from Medicare, known as 'Extra Help'. Extra Help may lower your deductible and co-payments and help pay your monthly Medicare prescription drug plan premium. Prescription Advantage requires all members who may qualify for this program to apply for this benefit.

If you are a Medicare beneficiary with limited income and resources, you may qualify for the MassHealth Buy-In program, also known as Medicare Savings Program (MSP). MSP may lower your deductible, co-payments, coinsurance, and help pay your monthly Medicare premiums. Prescription Advantage requires all members who may qualify for this program to apply for this benefit.

Be sure to answer the questions in this section to help us determine if you may qualify for Extra Help and / or the MassHealth Buy-In (MSP) program. After reviewing your application, we will let you know if you might be eligible, and we will assist you with this process. NOTE: Eligibility for Extra Help has no effect on eligibility for Prescription Advantage. However, eligibility in the MassHealth Buy-In (MSP) program impacts your eligibility with Prescription Advantage.

Section F: Employment and Disability for Applicants Under 65 Years of Age (page 3)

This section provides employment and disability status information for you and your spouse. If you are under age 65 and do not have a qualified disability, you are not eligible for Prescription Advantage.

Section G: Income Information (page 3)

Please be sure to answer the questions regarding Social Security income and federal income taxes in Section G. A list of acceptable income documentation can be found in the *Income Documentation* on page 5 of this booklet.

Important Notes About Income Calculation:

- You must verify any income you receive. A list of acceptable income documents is provided on page 5. If there is income you receive that is not listed, please call customer service for acceptable documentation.
- Income is calculated using the total income as reported on federal income tax returns. **ALL** applicants who file federal tax returns must submit a copy of their most recently filed return.
- For applicants not required to file a federal income tax return, income is calculated using alternative documents.
- Income counted includes the total amount of money, earned or unearned, from any source, including but not limited to Social Security, wages, business income, rents, pensions/annuities, dividends, and interest.
- Income is calculated using your **gross** annual household income. This is the amount **prior** to any deductions you may have for healthcare costs or other purposes.
- In some cases, income listed on your federal tax return that you no longer receive will not be used to calculate income. You must verify that you do not receive the income or cannot receive it again. This applies to wages, business income, IRAs, pensions/annuities, third-party sick pay, unemployment, and alimony. Documents that may be required for removal of income are listed on page 5 of this instruction booklet.

Signatures (page 4)

Carefully read the statements in this section and sign and date the bottom of the page. Because we require information regarding your household income, your spouse should also sign if he/she lives with you, even if he/she is not applying at this time. We cannot process your application without the appropriate signatures.

Authorized Designees

There are three types of representatives with different levels of authorization – an Authorized Representative, a Release of Information Designee, or a Temporary Authorized Representative. Included with this application is a *Representative Authorization Form* with detailed descriptions and forms for each type of representative. Use this form if you wish to appoint a representative. The authorization form cannot be processed unless signed by all persons listed on the form.

Additional Information

- Your application is not complete until we receive all the required documentation. If any information is missing, you will receive a yellow letter listing the information and/or documentation you still need to provide. When all the information is received, your application will be evaluated. If you are eligible, you will be approved for the program.
- It is your responsibility to keep Prescription Advantage updated if your information changes. Failure to do so may result in denial of your application or the termination of your membership.

Income Documentation

1. You must send the income documents listed below that apply to you. All documents must be for the PREVIOUS calendar year. For example, in 2024, the documents must be for 2023.

- Your most recently filed federal income tax return 1040, 1040A, or 1040EZ. State tax returns will not be accepted.
